

Namib Lead & Zinc Mining (NLZM) is a zinc and lead development company with a high grade, low cost development project with access to infrastructure in Namibia. Based on the Mine site outside Swakopmund, NLZM is seeking a qualified individual for consideration for the position of:

DIESEL MECHANIC

PURPOSE OF THIS POSITION:

Reporting to the Engineering Foreman, the incumbent will be responsible for the maintenance of all Petrol- and Diesel-powered mechanical equipment at Namib Lead & Zinc mining.

Main Responsibilities:

- Investigate and repair the source of all mechanical breakdowns of the Mining & Mobile equipment, Gensets, as well as Light Vehicles and initiate preventative measures.
- Overall planning, supervision and management of all mechanical maintenance work.
- Ensure adherence to safety standards & procedures by adhering to safe working conditions & regular safety inspections
- Maintain and review stock levels of all spares, stock items in conjunction with Procurement Department.
- Assist maintenance planner with planning of daily, weekly, monthly jobs and preparations for major maintenance.

Requirements:

- A **Trade Diploma** as **Diesel Mechanic**
- Minimum of 10 years' experience in the **maintenance of heavy vehicle equipment**
- **Good knowledge of underground heavy vehicle equipment** will be a requirement.
- **Auto-electrical knowledge and capability will be an added advantage.**
- Valid code 08 (BE) driving license
- Excellent interpersonal and communication skills

Should be prepared to work shifts.

Benefits: We offer a market related remuneration

CLOSING DATE: 23 AUGUST 2019

Interested and **suitably qualifying candidates** are to submit a **Comprehensive CV with ALL relevant supporting documentation** by email to recruitment@namibleadzinc.com with the Position Title in the subject line. Previously disadvantaged Namibians are encouraged to apply.

ONLY short-listed candidates will be contacted for interviews and assessments
