

Namib Lead & Zinc Mining (NLZM) is a zinc and lead development company with a high grade, low cost development project with access to infrastructure in Namibia. Based in Swakopmund, NLZM is seeking qualified individuals for consideration for the positions of:

PLANT OPERATORS

Overall Purpose of Position:

The **Plant Operator** will be responsible to manage various operational areas and aspects for the plant on shift, ranging from Crushers to Final product in such a way that legal, safety, production and people related targets are met in an efficient manner.

Requirements:

- **Grade 12** with minimum 20 points
- **Minimum 5 years Processing Plant experience**
- **Computer Literacy** essential
- Good communicating & comprehension skills
- Self-driven and motivated

Main Responsibilities:

- Manage and operate equipment and other resources in such a way as to eliminate potential for incidents
- Ensure short-term production, availability, utilisation and equipment throughput targets are met consistently
- Control direct cost of production by optimizing process control parameters
- Ensure efficiency and recovery targets are met on shift consistently
- Ensure process performance is continually optimised within given parameters / constraints on shift

Benefits: We offer a market related remuneration

CLOSING DATE: 31 AUGUST 2018

Interested and **suitably qualified candidates** are to submit a **Comprehensive CV with ALL relevant supporting documentation** by email to recruitment@namibleadzinc.com with the Position Title in the subject line.

Previously disadvantaged Namibians are encouraged to apply.

ONLY short listed candidates will be contacted for interviews and assessments
